Living on campus is one of the most rewarding times many students will experience during college - it is an opportunity to become part of the GW community – and our priority is to ensure the same for you.

GW's official ID card, the GWorld Card, grants you access to campus including all academic resources, residential life, and campus transportation. Your GWorld Card is your key to academic success, and staff members living in the halls, will support you in your residential experience. We know new students may miss home, but we can't wait to meet you in August. In the meantime, keep enjoying this special time in your life.
