- **Censure:** An official written reprimand for violation of specified regulations including a warning that continuation or repetition of prohibited conduct will be cause for additional disciplinary action.
- **Disciplinary Probation:** The organization is not in good judicial standing with the University. - **Social Probation:** The organization is unable to host social events/activities with alcohol present.

The suspension may see extension of disciplinary probation provided that the organization complete the requirements outlined from a disciplinary hearing. The organization loses all access to university privileges and may not function or operate in affiliation with the university. Organizations with national affiliations may lose privileges associated with the status.
- **Revocation of Recognition:** The organization's recognition is revoked by the University. The organization loses all access to university privileges and may not function or operate in affiliation with the university. Organizations with national affiliations may lose privileges associated with the status.
